

Photo Printing Solutions

# Smart D70iD+

ID Pictures in seconds

## New Smart D70iD+ system – ID pictures in seconds

Mitsubishi Electric Europe expands the line up of Printing Solutions with an Advanced Photo ID platform that provides retailers and independent business the ideal solution for printing ID or passport photos.

### Main features

- // CamFI® and FTP connectivity
- // Biometric face recognition
- // Less than 40 secs. per print
- // Multi-language system
- // Over 40 country templates

### Sources

From several sources, the software can turn the captured image into a perfect ID photo.

FTP\*

CamFI®\*

USB

SD card

\*Wireless connection

### Outputs

#### Multiple outputs

The customer has the possibility to have their printed picture saved to USB storage or sent by email from the Smart D70iD+ system.

### Multi-language system

#### Available languages

English, Español, Deutsch, Français (Belgium), Français (France), Italiano, Português, Dutch, Svenska, Suomi.

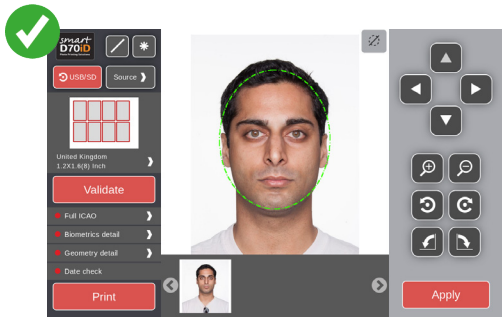

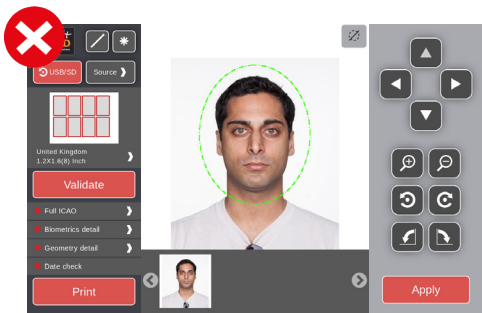

Smart D70iD+

### Smart processing

The software will check each selected country template for different required parameters.

### 100% biometrical approval

Automatic face recognition and fitting in the marked area.

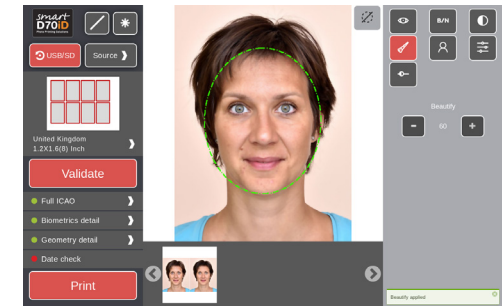

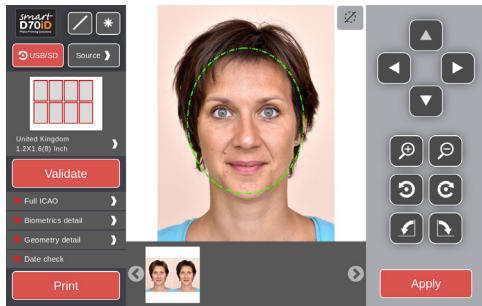

### Easy background removal

Change the background color in one touch, choosing between different colors.

### Image enhancement

The possible defects are automatically corrected without affecting the picture's quality.

## Product Specifications

## Smart D70iD+

SmartD70iD+ is composed by:

// 1 x SmartIDPLUS System

// 1 x CP-D70DW-U Printer

## SmartIDPLUS

Processor and Computer

Intel NUC6CAYH 1Tb HDD 2Gb RAM

Operating System

CentOS 7 Linux

Screen

Multi-touch 10p 10.1" 1024x720

Dimensions WxDxH (cm)

27.5 x 30.5 x 34 (SmartIDPLUS, no printer included)  
27.5 / 55 / 40.5 (SmartD70iD+, printer included)

Weight

6.5kg approx. (14.3lb.)

Power

AC 100-240v 6.67A with external adapter 12v (included)

External Ports

3 x USB / 1 x LAN (RJ45)

Compatible Photo Printers

CP-D70DW-U

## CP-D70DW-U

System Compatibility

Compatible only with ID Photo Printing systems from Mitsubishi Electric

Printing Method

Dye sublimation thermal transfer full color. Three-color face progressive printing (yellow, magenta, cyan) plus surface lamination

Print Options

Single-sided Prints

Memory Capacity

32MB – Data transfer is possible during printing

Print Capacity

Up to 400 prints 10x15cm (4x6")

Media

CK-746U

Resolution

300 dpi

Weight

12kg (26.5lb.)

Dimensions WxDxH (mm)

275 x 446 x 170

Foot Print

0.12 m<sup>2</sup>

Power Consumption

2.4A (220-240VAC, 50/60Hz.) / 4.6A (120VAC, 50/60Hz.)
