Photo Printing Solutions

Smart D90EV

The new events printer

The SmartD90EV concept

The SmartD90EV Events Photo Printer is ideal for photographers on any kind of event. With its compact design, adaptable to any space, the new Smart D90EV has a high print speed that allows you to obtain quick and instant personalized prints for your events, thanks to fully configurable print templates which allow you to customize your prints efficiently, quickly and effortlessly. Composed by our powerful CP-D90DW-P and a SmartPrintEV module on top, includes an easy-to-install paper tray.

Main features

// #Hashtag Printing

// Automatic Edit Process & Printing

// SmartPhone Selfie & Strip Printing

// Easy Operator Setup (http)

// CP-D90DW-P: Top printing quality & Speed

// No need App downloading

Due to its flexibility of use, the Smart D90EV offers a great range of applications, such as: campaigns, coupons, raffles, promotions, advertising, etc… both for its simplicity of use and configuration, as well as for their high quality photo paper and/or perforated media available.

The events printer

Do you have a wedding, party, convention, sports event, festival or graduation?
Just install the printer and let people enjoy the instant printing effortlessness of every image that is sent to the printer. In addition, you can customize the images with your own brand and use the perforated paper adding value to every image and creating business opportunities.

High Connectivity

Connectivity with Smart D90EV is easy and intuitive, with just a couple of simple steps to easily connect with your Smartphone or professional camera, launching the photos quickly, simply and automatically, getting your orders printed with a outstanding photographic quality... and just in a couple of seconds.

- FTP (High Professional Cameras).
- Network Hotfolder (SAMBA).
- Web App (no App download required).
- Print App: print from other Apps.
